As soon as the result of the contest was known, a procession was organized, which took in all parts of the town from the east to the west end. The victorious party, joined by all parts of the town, were seen everywhere with blazing torches. The excitement was kept up until about 11 o'clock, when the party began breaking up, and at midnight the town had resumed its usual serene condition.

WEDDING BELLS.

St. Alban's church on Wednesday evening was a scene of brightness, the building being crowded by all the prominent citizens of Prince Albert, all anxious to show their respect to Miss Fannie Mair and Mr. E. J. Cann, who were to be married at 7.30. At that hour Mr. Cann, accompanied by Mr. Neely, took his place at the altar, almost immediately followed by Mr. Mair lead-

ing his daughter, and preceding the two bridesmaids, Miss Cook and Miss McLean. The ceremony was conducted by the Ven. Arch. George McKay, in the most impressive manner, and the responses of both bride and bridegroom were given in clear and distinct tones. At the conclusion of the ceremony, the Archdeacon congratulated the happy couple, and the bridal party re-formed and were driven to Mr. Mair's house.

The bride looked most charming, being dressed with exquisite taste. The bridesmaids, too, looked very pretty, and in fact, a more delightful trio has never been seen in the Northwest.

From 9 p.m., till midnight, a reception was held at Mr. Mair's house, where the bride and bridegroom received the sincere congratulations of their many friends.

Mr. and Mrs. Mair require no proof of the esteem in which they are held by the people of Prince Albert, but they must indeed be proud of the great interest and affection shown by all to their daughter and son-in-law.

Mr. Cann must be congratulated on obtaining such an accomplished, amiable and charming wife, and Mrs. Cann on her choice of such an estimable and popular young man as a husband. We trust that many years of prosperity and happiness are before the newly married pair.

NEWS FROM ALL POINTS.

London, Jan. 4.—A significant feature of the political parties are discussing re-organization with home rule left out. Joseph Chamberlain declares that the Liberal Unionists ought not to desert their Tory allies but stand with them, in opposition to what he calls "English Nihilism."

South Bethlehem, Pa., Jan. 3.—William Marsh 44 years, proprietor of a small saw mill, was found dead in his mill yesterday, with his legs cut off close to his body. It is thought he slipped and fell across a log that was being sawed, and before he could recover himself was drawn on the saw and cut to pieces.

Port Roman, Jan. 4.—A monster convention of South Norfolk Reformers re-nominated Mr. W. A. Charlton for the Legislature and pledged themselves to make every legitimate effort to secure his re-election.

FRIDAY, JAN. 9, 1891.

The bustle and excitement of Monday showed that it was no ordinary day in Prince Albert. And surely it was not, for it was the day on which the city fathers for the coming year were chosen. Through out the day the excitement continued, quieting about four o'clock only to burst forth with renewed vigor in a short time on the vote becoming known. Then commenced the wild excitement of serenading the candidates who had been successful. Torches lit up the streets and enchanting cowbell music aided the expressions of joy at the result of the elections. We trust that those who have been successful in standing at the head of the poll will have the experience during 1891, that the pleasure of being Mayor and Councillors is not, as the poet has said of pleasure,—

"Like the snowflake on the river,
A moment white then fades forever."

But it was not joy and hilarity for all. Such an event means that one party has been defeated. This year we are happy to say that good men have been left at home as well as elected. It was impossible that all be elected to hold office, and therefore it needs no demonstration that some must be elected to stay at home. To these latter we extend our sympathy, while we congratulate the former on their success, and hope that during the coming year the civic affairs of our town will prosper under the wise guidance of the mayor and council elected.

A matter which we wish to urge upon the new council is the payment of the remainder of the expenses of the delegates who were sent to Ottawa to hasten the construction of a railway to Prince Albert. Some have made the objection that unnecessary expenses were incurred, but it is impossible that the duties of such a delegation be performed without expense. Even if it were possible, we did not wish men to go to Ottawa for the purpose of asking that a railway be built to a country which shows by

the poverty of its delegates that no wealth is here to encourage the building of a road. These delegates were sent by the people, and we decidedly say that it is the duty of the people to see that their expenses are paid, and we hope that the new council will not allow the year to pass without the matter being attended to.

The Toronto *Empire* celebrated its third birthday on Saturday by the issue of a magnificent 28 page paper which would be a credit to any city. The first three years of a newspaper's existence is always a critical period, but the *Empire* appears to have got over it without any difficulty, and to be firmly established on both feet. We heartily congratulate our contemporary.

A steamer has been launched in Britain intended for the Nova Scotia trade. It is a steel screw steamer of 1,900 tons gross, with plenty of accommodation for freight and passengers, and is intended for the Furness firm of West Hartlepool. The firm evidently did not read the *Grit* organs, nor imagine that Canada will kill her British trade by adopting the high tariff of the United States.

The government nowadays that refuses to submit an international dispute to arbitration meets with very little sympathy. Senator Frye thinks that the first thing to be done about Behring sea is for the United States either alone or in a conjunction with Great Britain to find out whether the fur seal is being exterminated or not. If, says he, it is shown that the seals are disappearing then the matter should be referred to a board of arbitration.

Mexico is in the same boat with Canada as regards the unfriendly menaces of the McKinley tariff. The country however, to judge by recent advices to the New York papers, has adopted Canada's policy and is not wilting under the high duties but native capital is confident of the future and is going into various enterprises with good prospects of success. The new tariff threatens the cattle and ore export trades, and Mexico is obliged to seek new avenues of trade with Europe, just as we are doing. Strong pressure is being brought to bear upon the government to retaliate and place heavy duties on United States lard, cattle, petroleum, etc.

The preliminary squabbling over the site and initial arrangements of the world's fair being at an end, President Harrison has issued his proclamation inviting all nations to take part in the exhibition. The exhibition will be opened at Chicago on May 1, 1891 lasting until the end of October. The city council of Chicago some time ago got authority from the legislature to pledge the city's credit to the extent of \$5,000,000 for the world's fair purposes and the citizens having already subscribed an equal sum, the whole ten millions required are now forthcoming. It is intended to make special efforts to show the achievements of the country in the mechanical arts, which have been so well protected and developed by legislation, and which the fiscal policy had contributed to encourage by making the United States independent of all other countries.

Toronto, Jan. 3.—Thomas Murray, ex member of the provincial parliament has been appointed sheriff of Renfrew in succession to the late James Morris deceased.

Toronto, Jan. 3.—A. J. Mounteney Jephson, a prominent member of the Stanley expedition to darkest Africa, is in the city.

Quebec, Jan. 3.—Sir Hector Langevin denies that he is to retire from the ministry of public works.

Chicago, Jan. 3 Mr and Mrs Henry M. Stanley were given a reception by the Union League club this afternoon. The club house, spacious as it is, was packed with between three thousand and five thousand persons anxious to greet the distinguished explorer and his wife. The reception was a most brilliant and successful affair.

Allen's Lung Balsam was introduced to the public after its merits for the positive cure of such diseases had been fully tested. It excites expectoration and causes the Lungs to throw off the phlegm or mucus; changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balsam will prevent it if only taken in time. For Croup, Asthma, and all diseases of the Lungs, ALLEN'S LUNG BALSAM is the Great Modern Remedy. For Croup and Whooping Cough it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and \$1.00 per bottle. The 25-cent bottles are put out to answer the constant call for a Good and Low-Priced COUGH CURE. If you have not tried the Balsam, call for a 25-cent bottle to test it.

LOCAL HAPPENINGS

In Our Midst.

Read Cann's advertisement.

Our old friend Mr. J. Macaulay, of Willoughby, spent a few days in town this week.

The tea and coffee sold by F. C. Baker is the best. You should try it.

The new Town Council will hold their first sitting on Monday evening, the 19th inst.

Boy's and Girl's Own Annual for \$2 at Cann's.

The family of Mr. Dickson, section foreman of the Prince Albert and Regina railway, arrived here on Saturday's train.

Overcoats and pea jackets, galore, at Baker's.

Mr. and Mrs. Patterson of Kinistino were in town this week and were the guests of our esteemed townsman, Counsellor S. J. Donaldson.

If you want to get an Xmas book for your children, cheap, read Cann's advertisement.

We are pleased to hear that Mrs. C. Woodman has so far recovered from her recent severe illness as to be able to spend a few hours down stairs each day.

F. C. Baker has the best assortment of gents furnishings in town.

At the election for school trustees held on Saturday last to fill the two vacancies occurring this year Mr. D. J. Gunn was re-elected to fill one and Dr. Jardine the other.

F. C. Baker is allowing a discount of ten per cent. on all cash purchases.

A few days ago, Mr. W. E. Carter of the Lower Flat, shot a large cinnamon bear. His dog got on the scent, and on following him up found the bear in his den. This is the second one he killed in that vicinity within a year.

Saskatchewan is rapidly gaining a reputation as a number one wheat growing district. By mail last week Mr. Betts received a letter from an important station on the C. P. R. asking quotations for a quantity of Ladoga wheat for seed purposes.

Mr. St. Louis, district agent for the Massey Implement Co., left town last week to attend to his duties at the other end of his district. Mr. St. Louis informed us before leaving that the December sales amounted to nearly \$5,000. Not bad for these hard times. This speaks well for Mr. St. Louis and his assistants, who we know are live men.

The largest ball that ever was held in the east end came off at the residence of Mr. Chester Thompson, on Monday evening, Jan. 5th. Something like sixty couples partook of the sumptuous spread prepared for the occasion. There was the greatest collection of musical talent that could be procured, amongst which was the scottish pipes, played by Const. Barron, of the N. W. M. P. The fine new residence of Mr. Thompson showed off to good advantage. The last of the guests took their departure at "peep of day," and all were well pleased with the grand reception.

Yesterday morning, about 11 o'clock, an alarm of fire was sounded from the new town hall, and on enquiring it was found to be occasioned by a fire having broken out in the upper story of Mr. Justice McGuire's residence, corner of Church and Third Streets. In a very few minutes No. 2 company of the Fire Brigade were on the spot and at work with their different appliances. The watermen of the town quickly put in an appearance, being fortunately attending to their duties when the alarm was given. Shortly after a squad of N. W. M. Police in charge of Capt. Norman, who immediately took control of affairs, arrived, and each and all went to work with a will. A number of those present at once set to work to remove the furniture, which was done in an incredible short time, and—considering the occasion—in a very careful manner. While this was being done the firemen were at work, and water was being applied where necessary almost as rapidly as if an engine were present. Great credit is due to the firemen and others, who worked so well and so successfully in half an hour after the alarm the building was considered out of danger. As usual, the greatest damage was done by water. The fire is supposed to have originated from an overheated stove pipe, which passed through a closet where the fire was first discovered. The damage will amount to about \$1,000 which is covered by insurance. Judge McGuire who is at present on a visit east, was at once informed by wire of the accident.

Major Hoey, M. L. A., Kinistino, came into town yesterday and paid us a visit. He left for home to-day.

At the Queen's, —A. Thera, Winnipeg; J. M. Robertson, J. Tarord, C. Union, Regina; S. D. McMicken, Moosejaw; W. Munsen, Winnipeg; Major Hoey, M. L. A. Boucher.

The first of the Prince Albert Quadrille Club gathering came off at the Barracks yesterday evening and was a decided success. There was quite a large attendance, and a very enjoyable evening was spent. The next assembly takes place Thursday, 22 inst.

The 1, 2, 3, 4, 5. The Canadian Fire side Weekly is out with another grand prize competition to increase its circulation, in which 300 valuable prizes are offered. This is no puzzle or trick and requires no searching in dictionaries or books of any kind. It is ingenious but simple, and has never before been offered by any paper. A child of eight may win as easily as a college professor. Among the prizes are bicycles, tricycles, \$100 in cash, furniture, silverware, watches, jewelry, summer tours—prizes for men, women boys and girls, 300 in all. Send at once 5 cents for sample copy with full particulars and list of prizes to 9 Adelaide St. W., Toronto, Ont.

Waghorn's Guide for January is out containing the names of a number of new post offices opened, and changes in the mail and stage service, also alterations in train service, and the new time card of the Galt road to Great Falls and the Manitoba & North West Ry. Co., to Yorkton. As regards the new Municipalities, it was thought better to postpone till next issue the publication of the list of new municipalities, till the officials to be elected at the first meeting of the Council in January can be included in the list. A map may be got out by the publishers showing clearly the changes and present municipal districts.

SCHOOL EXAMINATION

The second half yearly examination for 1890, of pupils attending the Macdowell school was held on the 24th Dec., in presence of an appreciative company of friends and visitors, in the excellent and spacious new school house recently erected in this district.

The pupils by their prompt and intelligent answers in the various prescribed subjects of examination, and by the spirited and efficient manner in which they went through their recitative, musical and calisthenic exercises showed that good and satisfactory progress had been made during the past session under their zealous and indefatigable teacher Mr. Ross.

The prize list for 1890 was headed by the Misses Georgina and Jane Macbeth among the seniors, and by John Sutherland and James Macbeth among the juniors.

The school re-assembles for 1891 on January 19th.

INDIAN MISSION WORK.

To the Editor of the Times.

Sir,—If Churchmen will kindly give me their name or call on me, I will give him such information as will satisfy him that his apprehensions are unfounded and that the Church of England is not losing ground in her Indian Mission work.

I would also point out to him that if his church were losing ground, one would naturally expect her discomfiture to be published by her adversaries rather than by one of her own sons. A stab in the back by a professedly friendly hand is not creditable.

J. A. MACKAY.

A NOVEL OFFER.

We note the publishers of *The Dominion Illustrated* have originated a plan by which over \$3,000 worth of prizes are to be distributed among the subscribers to that paper, subject to their correctly answering simple questions on the current contents of each number. We learn that the first prize will be \$750 in gold, the second a Heintzman piano worth \$600 and that the rest of the many prizes in the competition will be of an unusually costly and valuable nature.

They are also offering a second series of prizes for the best specimen of type-writing, open to type-writers all over the world.

We have very much pleasure in noting such liberal offers from our leading illustrated journal, and hope that all our readers will take advantage of them.

We understand that on receipt of 12 cents in stamps the publishers of *The Dominion Illustrated* (Sabiston Litho & Pub. Co., Montreal) will send a sample copy of that journal with full particulars of the plan.

GET A FLAG

FOR YOUR
SCHOOLHOUSE
The movement for hoisting the Canadian flag on the school-houses on anniversaries of noted events in our history is spreading rapidly throughout the Dominion and evoking the hearty approval of all patriotic citizens. Already

The Empire
has done its share in helping on this movement, by awarding a handsome flag to one school in each county of Ontario, but the number of enquiries from all parts of the Province as to how flags can be obtained by other schools has determined the publishers of *THE EMPIRE* to offer a handsome
CANADIAN FLAG
of best bunting, 12 feet long (regular price \$15), as a premium for 20 new yearly subscribers to the *WEEKLY EMPIRE* at \$1.00 or eight new yearly subscribers to *THE DAILY EMPIRE* at \$5 per annum, or a new 117 of each, one subscription to Daily counting for FOUR WEEKS.
Every school in the Dominion ought to have a national flag, and this offer presents an opportunity for each obtaining it without cost, and with little trouble. Let those who are interested in getting a flag for their school-house join in getting up a club, and while subscribers get full value for the money in the best newspaper in the Dominion, the school obtains its flag FREE OF COST.
The *WEEKLY EMPIRE* has recently been enlarged to twelve pages, and is now, without doubt, the best weekly newspaper in Canada, while the reputation of *THE DAILY EMPIRE* as the leading morning journal of the Dominion is well known.
Send for sample copies and special clubbing lists, and go in for a flag for your school.
